**To:** Non-responsive based on revised scope  
**Subject:** PPC Plan and OCBA Quantities  
**Attachments:** Preparedness, Prevention and Contingency Plan (Rev B).docx

Our system is not very good at telling us how much we had between a given set of dates. But, I can tell you how much OCBA we purchased.

37,030 pounds in 2001  
17,000 pounds in 2004  
15,360 pounds in 2008  
15,360 pounds in 2009

We had used:

21,864 (2001)  
8,349 (2002)  
8,213 (2003)  
18,166 (2004 to 2005)  
9,878 (2006)  
8,400 (2007)  
15,018 (2008)

In 2007, it is most likely we had less than 10,000 pounds, and greater than 8,400 pounds.
